# Activities

**Did you know...**  
that children's physical and motor development is vital for their balance, their language skills and their social formation?

# Eco-friendly quality, top safety and maintenance-free materials...

## No cracks

Our polyethylene boards do not split, junctions between them are seamless. Neither fingers nor parts of clothing can get stuck or rip.

## PAH free

All synthetic materials are checked for PAH by TÜV.

## No sharp edges

All edges on all our products are rounded. All nuts and bolt ends are capped by nut covers.

## Synthetic parts

All rope junctions, nut covers, foot rests etc. are made of impact-proof nylon that can take temperatures from -40°C til +110°C.

## TÜV

The Adventure play structure is controlled and approved by TÜV in accordance with the latest release of EN 1176.

## Polyethylene

All PoLedon-boards and tube elements are made of eco-friendly polyethylene (PE). Advantages: no maintenance - non-toxic - 100% recyclable - cracks and scratches do not affect the material's stability or longevity. All PoLedon-boards are UV-stabilized. 5 years guarantee against considerable fading. 10 years guarantee on material faults and manufacturing errors.

## Guarantee

**10 years** on material faults and production errors.  
**5 years** against considerable fading of synthetic parts.
